Dear Sir or Madam,

RE: REVISED ATNS TARIFF STRUCTURE

We act for the Aviation Watch Action Committee (“AWAC”) a voluntary association which was established on 17 March 2005 who oppose certain air traffic service charges, whose nature and import was drawn to the attention of the bulk of our client’s members at a user presentation at Thunder City, Cape Town, on 15 March 2005.

Following upon a general meeting of our client, its membership has seen fit to direct an application for relief to the Regulating Committee, The Airports Company South Africa and ATNS. A copy is annexed hereto for your attention and speaks for itself. Our clients intend to make certain proposals to the ATNS in regard to the proposed service charges. In order to do so fairly and efficiently they require the minutes of the Programmes of Consultation, which apparently took place on 8 occasions during the period 22 July 2004 to 3 December 2004 with the Regulating Committee, First Users Plenary, Aero

Club, CAASA & AAF, AASA, BARSAs & IATA. Furthermore, they will require an opportunity to formulate their counterproposals and present them to you in consultation.

Accordingly we are instructed to urge you to place a moratorium on the implementation of the service charges.

We look forward to your urgent response.

Yours faithfully

A B SMIEDT
